Mackenzie was born in 1609 into a family of minor lairds in Ross-shire. He was the second son of Kenneth Mackenzie, 1st Laird of Tarbat, and his wife, Janet Ross. Mackenzie's father died when he was young, and he was raised by his uncle, Rory Mackenzie, 1st Lord Mackenzie of Kintail. Mackenzie studied at the University of Aberdeen and the University of Edinburgh. He graduated with a degree in law, and he then returned to Ross-shire to begin his career. Mackenzie was imprisoned for two years. During his imprisonment, he wrote a book entitled "A Defence of the Royal Prerogative." This book defended the King's authority and it became a popular work among Royalists.

Mackenzie was released from prison in 1646. He then returned to Rossshire and continued to support the Royalist cause. He fought at the Battle of Worcester in 1651, and he was captured by the Parliamentarians. Mackenzie was once again imprisoned, and he remained in prison until 1659.

After the Restoration of the monarchy in 1660, Mackenzie was released from prison. He was appointed Lord Advocate, and he became a member of the Privy Council. Mackenzie was also knighted by King Charles II.

Mackenzie remained in office until his death in 1694. He was a controversial figure, but he was also a highly respected man. He was a skilled lawyer, a wise judge, and a gifted politician.
