Materials

- Pressure-treated lumber
- Gate hinges
- Gate latch
- Screws
- Nails

Tools

- Circular saw
- Drill
- Screwdriver
- Hammer
- Level

Instructions

1. Cut the lumber to the desired size.
2. Assemble the frame of the gate.
3. Attach the gate hinges to the frame.
4. Attach the gate latch to the gate.
5. Hang the gate on the posts.

Tips

- Use pressure-treated lumber to help protect the gate from the elements.
- Make sure the gate is level before hanging it.
- Use strong hinges and a latch to keep the gate secure.
- Paint or stain the gate to match your home's exterior.

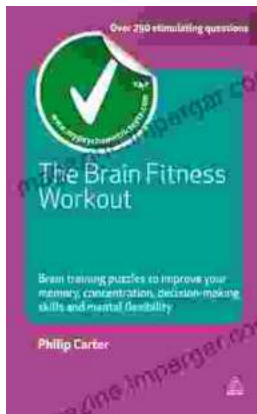

Building a gate is a relatively simple project that can be completed in a weekend. By following these instructions, you can build a gate that will add beauty and security to your home.
