Now, in a stunning tribute to this horticultural heritage, the Twentieth Century Society presents "100 20th Century Gardens and Landscapes," a comprehensive volume that unveils the beauty, diversity, and historical significance of these remarkable green spaces.

A Tapestry of Horticultural Masterpieces

Drawing from its extensive archives, the Twentieth Century Society has assembled an extraordinary collection of 100 gardens and landscapes that represent the full spectrum of 20th-century design. From the grand estates of England to the intimate urban oases of New York City, each garden tells a unique story of creativity, innovation, and the enduring power of the natural world.

Among the featured gems are the enchanting Water Lilies Garden at Giverny, where Monet's famous paintings came to life; the modernist masterpiece of Villa Savoye by Le Corbusier, where architecture and nature blend seamlessly; and the High Line in New York City, a transformative urban park built on an abandoned elevated railway.

Unveiling the Creative Minds Behind the Gardens

Beyond the stunning photography that captures the gardens in their full glory, "100 20th Century Gardens and Landscapes" also delves into the lives and philosophies of the landscape architects, designers, and visionaries who created them. From Gertrude Jekyll's pioneering work in garden design to Beatrix Farrand's influential role in shaping the American landscape, the book provides a fascinating glimpse into the minds behind these horticultural masterpieces.

Preserving a Horticultural Legacy

The Twentieth Century Society's mission goes beyond showcasing the beauty of 20th-century gardens and landscapes. It also plays a vital role in preserving and protecting these cultural treasures for future generations.

Through advocacy and education, the society ensures that these green spaces continue to inspire and bring joy to all who experience them.

Embark on a Horticultural Journey

"100 20th Century Gardens and Landscapes" is more than just a book; it is an invitation to embark on a horticultural journey that spans time and continents. Whether you are a seasoned gardener, a landscape enthusiast, or simply someone who appreciates the beauty of nature, this volume will captivate your senses and broaden your understanding of the art of garden design.
