

Obama Betrayal of Israel: Encounter Broadsides

Barack Obama's presidency was a disaster for Israel. Obama's policies emboldened Israel's enemies, weakened Israel's security, and damaged the U.S.-Israel relationship. *Obama Betrayal of Israel: Encounter Broadsides* is a must-read for anyone who wants to understand the true nature of the Obama administration's relationship with Israel.

This book provides a chilling account of how Obama and his team systematically undermined Israel's security and sovereignty. Obama refused to recognize Jerusalem as Israel's capital, he allowed the United Nations to pass resolutions condemning Israel, and he cut off military aid to Israel. Obama's policies emboldened Israel's enemies, including Iran and Hamas. Iran was able to develop its nuclear program under Obama's watch, and Hamas was able to launch rocket attacks on Israel with impunity.

Obama's betrayal of Israel did not end with his presidency. Since leaving office, Obama has continued to criticize Israel and support its enemies. In 2017, Obama gave a speech in which he called for a "new approach" to the Israeli-Palestinian conflict. This speech was widely seen as a call for the creation of a Palestinian state on the West Bank and Gaza Strip, which would have been a major blow to Israel's security.
