The Digest is divided into four main sections:

- Market Overview: This section provides a comprehensive overview of the photography market, including data on auction sales, market trends, and the performance of different artists and genres.
- Expert Insights: This section features essays by leading dealers, collectors, and scholars on a variety of topics related to the

photography market, including collecting strategies, market trends, and the impact of technology on the market.

- Auction Results: This section provides a detailed listing of auction results for photography from the past year, including prices realized, buyer's premiums, and seller's commissions.
- Directory of Dealers and Collectors: This section provides a directory of leading dealers and collectors in the photography market, including contact information and website addresses.

The Photography at Auction Digest Volume 2023 is an indispensable resource for anyone interested in the photography market. Whether you are a collector, dealer, scholar, or simply an enthusiast, this volume will provide you with the most up-to-date information and insights on the market.
